PERFORMANCE BULLETIN 118

V429 Disc Holder to Stainless Steel

The 429 Disc Holder PN 1074627, Model 429-H, is being converted from Aluminum Bronze to PN 4510460, Model 429-HS, which is 303 Stainless Steel material. The fit and function remain unchanged. This change results in a stronger part that can be used as a direct replacement.

As a result of this change, the 429 Internal Parts kits PN 1074653 (429-RF) and PN 1074654 (429-RG) will include the new Stainless Steel part instead of the Aluminum Bronze part. Pricing will not be affected by this change.

If any questions should arise, please contact us at TechSupport@AQ-Matic.com or +1-262-326-0100.

Thank you for your business.
