PERFORMANCE BULLETIN 127

K524 Disc Plate Temporary Alternative

Due to a supply outage of Disc Plate PN 1076198. During this outage, we will offer a machined version of this Disc Plate PN 1076198M. The machined PVC version (gray) is fully interchangeable with the molded version (black). While the 1076198M is made from NSF-61 certified material, valve assemblies using the 1076198M are not NSF-61 certified. We are working diligently to get the molded shaft back into production.

If any questions should arise, please contact us at TechSupport@AQ-Matic.com or +1-262-326-0100.

Thank you for your business.
